

£18,500 National Lottery Funding Awarded to REG Community Support Trust

We are proud to announce that REG Community Support Trust has been awarded £18,500 from The National Lottery Community Fund to support our new community project:

“Community Access Days: Building Independence Through Support”

This funding will allow us to deliver 52 weekly support sessions in Ipswich, helping individuals and families access essential services including:

- Benefits and Universal Credit support
- Housing and council applications
- Healthcare registration
- Employment support
- Translation and form-filling assistance

Our project is designed to support vulnerable people experiencing financial hardship, isolation, language barriers and digital exclusion.

Support will be available in Romanian, Roma, Turkish, Brazilian Portuguese and English to ensure that everyone in our community can access help with dignity and confidence.

We would like to sincerely thank The National Lottery Community Fund and all National Lottery players for making this project possible.

This funding is a major step forward for our charity and will help us continue building a stronger, more connected and more supported community in Ipswich.
